SKEMA SOCIAL VENTURES AWARDS: GAIN SUPPORT FOR YOUR SOCIAL IMPACT STARTUP

Are you developing an entrepreneurial project with a social impact? Would you like to obtain financial support and recognition for your project? SKEMA Ventures is inviting impact entrepreneurs to participate in the third edition of the SKEMA Social Ventures Awards contest which promotes social entrepreneurship within SKEMA Business School.

The SKEMA Ventures Awards contest rewards the most promising entrepreneurial projects incubated by SKEMA Ventures on the basis of their innovation, societal and environmental impact, and scalability.

ELIGIBILITY CRITERIA

To be eligible, your project should meet one or several of the UN Sustainable Development Goals. After you submit the application, it will be evaluated by the SKEMA Ventures team, the SKEMA Business School finance department, and the SKEMA Foundation management on the following criteria:

- Market opportunities
- Value Proposition to individuals, the economy, environment, and society as a whole
- Business model and business plan
- Development plan
- Team
- How the award will be used

“SKEMA Ventures has helped me to mature my project, improve my business model and find good clients. The team always believed in me, and I saw this trust at last year’s SKEMA Social Ventures Awards contest,” says SKEMA student Ludivine Bourgeois, founder of the Dare&GO project.

“Dare&GO is a social, solidarity and security app for students who wish to study abroad. It enables them to connect with a community, meet people, ask for advice and receive help. The €2,000 award helped me in the creation of my company. I have used it to strengthen my brand, cover the cost of the app stores, and buy a domain name for my future website," she adds.

IMPORTANT DETAILS

SKEMA Social Ventures Awards are financial grants given to a firm (as capital contribution or current account) or project leader(s) to finance their startup’s activities related to:

- Validation of proof of concept
- Prototyping
- Commercial development (prospecting, communication, direct marketing, promotion)

Candidates for the SKEMA Social Ventures Awards contest will have to provide the SKEMA Ventures team with a proof (budget proposal, invoice, etc.) of the present or future allocation of the award.

The last date to apply is July 24.
